

Vette Corp Hires Manager for Liquid Cooling Services - John Menoche, P.E. to Lead Data Center Cooling Design, Installation and Energy Consulting Organization

Manchester, New Hampshire (USA) January 7, 2008 – Vette Corp (Vette), a leading global provider of thermal management solutions, has selected John P. Menoche, P.E. to manage its recently formed datacom facilities division global services group. Mr. Menoche joins Vette from American Power Conversion (APC), where he led their data center cooling and power consulting services in North America. Prior to joining the professional services division at APC, Mr. Menoche was a lead technical consultant, engaging the majority of APC's most strategic clients.

Mr. Menoche earned a Bachelor of Science in Mechanical and Ocean Engineering from the University of Rhode Island and is currently pursuing an MBA in technical management at Worcester Polytechnic Institute. He is a member of ASHRAE, ASME, IEEE, NSPE and 7x24 Exchange. Mr. Menoche is a registered professional mechanical engineer with an HVAC specialization.

About Vette Corp

Founded in 2004, Vette Corp is a global thermal management solutions provider specializing in solving thermal challenges for leading OEM's, operators and owners of computer, communications and industrial electronic equipment. Vette maintains a growing IP portfolio, with design and applications engineering in Asia and North America. The company operates high-volume manufacturing facilities in both continents.

Vette Corp's extensive solutions portfolio, design and manufacturing capabilities are complemented by world-class supply chain and customer service to offer clients the lowest cost, highest quality end-to-end solutions available for today's complex thermal problems. The corporation is privately held and is headquartered in Manchester, New Hampshire, USA. Additional information about Vette Corp can be found at www.vettecorp.com.
